

key finding **WITHHELD**

key finding **GIVEN**

(a) **Signal reports the gap**

reference: Hirschsprung disease

removed: barium enema findings

Constipation with fecal impaction

differential: Constipation with fecal loading;
Hirschsprung disease; Gas distension

confidence 7/10

incorrect

Hirschsprung disease

differential: Hirschsprung disease; Mechanical
obstruction; Constipation / impaction

confidence 10/10

correct

(b) **Signal is blind to the error**

reference: Thrombotic thrombocytopenic purpura

removed: platelet count

Plasmodium falciparum malaria

differential: P. falciparum malaria; Leptospirosis;
Dengue fever

confidence 9/10

incorrect

Dengue hemorrhagic fever

differential: Dengue hemorrhagic fever; Falciparum
malaria; TTP

confidence 9/10

incorrect

(c) **Confidence moves, correctness does not**

reference: Hemorrhoids

removed: anoscopy findings

Internal hemorrhoids

differential: Internal hemorrhoids; Rectal
carcinoma; Rectal prolapse

confidence 8/10

correct

Prolapsed internal hemorrhoids

differential: Internal hemorrhoids with prolapse;
Rectal prolapse; Anal mass

confidence 10/10

correct
